

# Cottonwood Heights

## Weekly Update for the Week of March 12-18, 2017

### City Manager

1. Still working on final content for the April newsletter.
2. Making final preparations for social media seminar for the UMCA conference on March 23.
3. Updating and enhancing Butlerville and Arts pages on the City website.
4. Dilmini Howpe is the new GIS intern. She has is currently working toward an Urban and Regional Planning masters degree through online courses at Curtin University in Australia. Welcome aboard, Dilmini!

### Administrative Services

1. Ann is working to get the float contract and several other agreements nailed down in preparation for Butlerville Days.
2. Mike is working with the radio club and volunteers to prepare for the Shakeout on April 22<sup>nd</sup>.
3. Kim is preparing several grants for the Arts Council to support upcoming projects and activities for the coming year.

### Photos

The photos below are of the public works yard as the construction on the new UDOT shed and connection road East of Cottonwood Parkway. You can see in the wide angle pictures that UDOT has established a new mobile office in the South West end of the yard and has emptied the current shed in preparation for the demolition and future construction.

Silt fence and silt rolls have been placed along the North and East fence lines of the PW yard. The locked PW yard is being emptied of cargo storage containers and miscellaneous equipment. You can see in the pictures that the truck bays on the salt shed are holding some of the equipment.

The remaining photos are of the Death By Chocolate event held in our City Hall on Thur. March 16<sup>th</sup>. Our thanks go out to the Community and Economic Development Department for teaming up with local businesses to host the event.
